“A toast to Professor Yen...

...a beloved scholar and a consummate gentleman. A published poet and writer. You graced our lives in so many ways, and will remain in our hearts and thoughts throughout our years. Thank you for everything, but mostly for being you!”

For those of us who were fortunate to have known, studied or worked with Prof. Yen, he blessed our lives in myriad ways. Now, through us, the lives we touch will know him, too, as we continue to engender his passion for learning and teaching, being a loving husband, a caring friend and teacher, and a steward of the earth.
