

FACULTY POSITIONS IN
College of Photonics
National Chiao Tung University at
Tainan, Taiwan

The College of Photonics of the National Chiao Tung University (NCTU) invites outstanding researchers for 5 faculty positions at the Assistant / Associate / Full / Chair Professor ranks. The applicants with demonstrated strength in research and commitment to teaching in graduate level can choose one of the following Institutes of interest:

- **Institute of Photonic System:** nano-photonics, silicon-photonics, optical system design, optical fiber communication systems, photonic sensing systems, MOEM integrated systems, etc.
- **Institute of Lighting and Energy Photonics:** green-photonics, photonic materials, solar cells, solid state lighting material and devices, etc.
- **Institute of Imaging and Biomedical Photonics:** image display, biomedical photonics, biomedical image, bioelectronics, cognitive neural engineering, etc.

The starting date of these faculty positions is **Aug. 1st, 2011**. The successful applicants are expected to play leading roles both in independent research and multi-disciplinary and integrated research. They are encouraged to apply for research funds from National Science Council or industrial sectors. The college will provide matching fund for some extramural grants as well as some start-up research fund.

National Chiao Tung University at Hsinchu, Taiwan, has long been a leading research university in Taiwan with strong focus on electronic engineering, computer science and photonics. Based on those well-established research power in Hsinchu, the College of Photonics and the Interdisciplinary Photonic Research Center at Tainan campus was formed to further strengthen the basic and applied research in X-Photonics, where X stands for nano, green, bio, information, and everything, and to enhance the cooperation and development of key technology with the neighboring photonic industries. Our goal is to become a top tier photonic research center in the world.

Applicants should have a Ph.D. degree. Please send curriculum vitae, list of publications, current research and research interests, and 3 recommendation letters to College of Photonics, National Chiao Tung University, Tainan Office. The address is No.301, Gaofa 3rd Rd., Guiren Township, Tainan County, 71150, Taiwan (R.O.C.) and E-mail: cop@cc.nctu.edu.tw. For more information, please contact Ms. May Hsu, E-mail: mayhsu@mail.nctu.edu.tw, Tel: 886-6-3032121 Ext.57735, Fax: 886-6-3032535

More information about the Campus and College is available on the website <http://www.cop.nctu.edu.tw/>
